

## STENCIL CLEANING WIPES “CITRUS”

For cleaning stencils, circuit boards, squeegees and other solder paste contaminated tools

### DESCRIPTION

---

STENCIL CLEANING WIPES “CITRUS” are saturated with a specific solvent, which ensures a good cleaning effect for a quick and efficient removal of all sorts of solder paste and other flux contaminations.

Ensures effective and fast removal of solder pastes contamination from

- Stencils, squeegees and all sort of tools used for solder paste printing
- Dried out solder paste residues on stencils
- contaminated PBCs / circuit boards

### CHARACTERISTICS

---

- **Practical dispenser box**
- **Lint-free wipe material**
- **The wipes remain moist for a long time**
- **Light citrus/lemon scent**
- **2,5 times longer open time and lower solvent evaporation than classical IPA wipes**

### PRELIMINARY NOTE

---

Before using the solvent saturated cleaning wipes, it is necessary to consult the safety data sheet for precautions and safety advice. The wipes should be used with appropriate protection gloves only.

### APPLICATION

---

To open the roll please unscrew the lid, remove the foil and tear the first wipe from the center of the roll to the top without tearing it off the roll. Turn the wipe slightly and guide it through the opening in the middle. Screw the lid back onto the container and lift the tab out of the lid to remove the first wipe. By pulling up and separating the wipes, the next wipe automatically appears after removal for the next dispensing of a new wipe. Please keep the container close if not in use. This prevents the solvents from evaporation and helps to make the most out of the product.

## PHYSICAL PROPERTIES AND DATA

---

GENERAL PROPERTIES	SOLVENT SATURATED WIPES
Dry fibre weight:	1.75g ± 0.25g
Saturation of solvent:	4.00g ± 0.15g
Dimensions:	14 x 19 cm

GENERAL PROPERTIES	SOLVENT
Density at 20°C:	0.900 g/cm <sup>3</sup>
Flash point:	41°C
Can Sizes:	100 wipes
Storage period:	Unopened approx. 1 year from day of manufacture

## NOTE

---

The above values are typical and represent no form of specification. The Data Sheet serves for information purposes. Any verbal or written advise is not binding for the company, whether such information originates from the company offices or from a sales representative. This is also in respect of any protection rights of third parties, and does not release the customer from the responsibility of verifying the products of the company for suitability of use for the intended process or purpose. Should any liability on the part of the company arise, the company will only indemnify for loss or damage to the same extent as for defects in quality.
